# See how OrthoLive can lower costs and improve efficiency immediately.

**11.1% of all surgical procedures are unnecessary**

**\$5,000 decrease in spend per injury vs. an urgent care facility**

**96% of users recommend the OrthoLive platform**

## ABOUT ORTHOLIVE

Founded by an orthopedic surgeon, our comprehensive digital, virtual and in-person musculoskeletal care solution provides members with access to orthopedic experts 24/7/365.

With one-click access to virtual care and state-of-the-art remote therapeutic monitoring, OrthoLive provides convenient, HIPAA-compliant, secure access to musculoskeletal experts while increasing efficiency, revenue, and user satisfaction without a steep or unnecessary learning curve.

Together, we believe our mission to increase access, integrity, and patient satisfaction for those in need of comprehensive musculoskeletal care can improve how healthcare is delivered nationwide.

Trusted by  
Employers Across  
the United States

**Drew P.**  
*Senior Safety Leader*

"We have been very happy in our partnership with OrthoLive to both proactively manage ergonomic risks and to respond to post-incident reporting."
